**Purpose**

To provide a safer and more efficient access point on and off Johns Island by improving the intersection at US 17 and Main Road. This project will also include intersection improvements where Main Road meets Maybank Highway and capacity improvements to Bohicket Road.

**Budget**

$195,000,000 from the 2016 Half-Cent Sales Tax.

**Status**

The project team began the National Environmental Policy Act (NEPA) process and right of way plans for Segment A on August 13, 2018.

Currently negotiating design services for Segment C and the intersection improvements at Main Road and Maybank Highway.

**Time-Line**

The NEPA process and right of way plans for Segment A is estimated to be completed by 2020.
DATE: May 16, 2018
TO: County Administrator
FROM: Clerk of Council
RE: Main Road Improvements (Segmenting) - Request to Approve

At a meeting of County Council held on May 15, 2018, Council voted to approve segmenting the project into three segments and prioritizing as follows:

1. Segment A - US 17 and Main Road Intersection Improvements and Main Road Improvements from Bees Ferry Road to River Road
2. Segment C - Bohicket Road Improvements from Maybank Highway to Betsy Kerrison Parkway
3. Segment B - Main Road from River Road to Maybank Highway

COUNCIL ACTION
FROM THE OFFICE OF THE COUNTY ADMINISTRATOR
COMMITTEE AGENDA ITEM

TO: JENNIFER J. MILLER, COUNTY ADMINISTRATOR
THROUGH: JIM ARMSTRONG, DEPUTY ADMINISTRATOR
FROM: STEVE THIGPEN, DEVELOPMENT DEPT.
SUBJECT: US 17 AND MAIN ROAD INTERSECTION IMPROVEMENTS AND MAIN ROAD WIDENING
REQUEST: APPROVE PROJECT SEGMENTING
COMMITTEE OF COUNCIL: FINANCE
DATE: 5/15/18

COORDINATION: This request has been coordinated with: (attach all recommendations/reviews)

ORIGINATING OFFICE PLEASE NOTE:

DUE DATE TO ADMINISTRATOR'S OFFICE IS 5:00 P.M. ON TUESDAY OF THE WEEK PRECEDING THE COMMITTEE MEETING.
SITUATION

In November 2016, the citizens of Charleston County approved a second Transportation Sales Tax (TST). The 2016 TST ordinance states that projects may include US 17 at Main Road flyover and widening Main Road from Bees Ferry Road to Betsy Kerrison Parkway as a project of Regional Significance. The project's intentions include improving safety, traffic capacity, providing bicycle and pedestrian facilities, reducing congestion at the intersection of US 17 and Main Road, and improving drainage on Main Road between US 17 and the John F. Limehouse Bridge.

On April 7, 2017, Council authorized staff to negotiate a contract with Infrastructure Consulting Engineers (ICE) for the Phased Engineering Design and Environmental Permitting. ICE received the notice to proceed with the design contract on September 6, 2017 and shortly after began collecting data to begin the National Environmental Policy Act (NEPA) process. The first step in the NEPA process includes identifying potential impacts to various environmental features: wetlands, cultural resources, land use (schools, churches, protects farmland, etc.), hazardous materials sites, population demographics, noise, trees, and traffic. In an effort to accelerate the schedule, ICE divided project into three segments while analyzing possible impacts, A, B, and C (shown in Figure 1).

Based on these results, staff recommends moving forward with a segmented approach by separating the project into three segments and prioritizing in the following order: Segment A, Segment C and Segment B.

Staff met with the Army Corp of Engineers (ACOE) to discuss the traffic analysis and segmenting the project. Separating the project would expedite addressing the immediate safety and traffic congestion needs of Segment A and allow staff to proceed with the more lengthy permitting process anticipated on the remaining segments.

Staff anticipates that Segment A may be completed through the NEPA process as an Environmental Assessment (EA) rather than the lengthy Environmental Impact Statement (EIS) process that may be required for other Segments.

ACTION REQUESTED OF COUNCIL

Approve segmenting the project into three segments and prioritizing as follows:

1. Segment A - US 17 and Main Road Intersection Improvements and Main Road Improvements from Bees Ferry Road to River Road
2. Segment C - Bohicket Road Improvements from Maybank Highway to Betsy Kerrison Parkway
3. Segment B - Main Road from River Road to Maybank Highway

DEPARTMENT HEAD RECOMMENDATION

The department head recommends approval of the segmented approach and prioritization. Separating the project will enable staff to expedite the improvements.
US 17 and Main Road Intersection Improvements and Main Road Widening
